

for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise in great admiration of Harve Mogul, who, for more than a quarter century, has served as the CEO of United Way of Miami-Dade.

Through its many successful programs in education, financial stability, and health, this wonderful organization strives to create a stronger Miami.

Harve has been dedicated to public service from a young age, serving as a teacher in the Peace Corps and working at several United Way chapters across our great Nation. In 1991, he took on the great task of leading the Miami chapter, where he arduously worked to broaden the organization's advocacy and philanthropic efforts.

Throughout his tenure, Harve has spearheaded many campaigns, including a national event to advance the U.S. Holocaust Memorial Museum, of which I am proudly a council member.

Harve is now ready for a new chapter in his life. He will be stepping down from his CEO position, but he will continue to advance the goals of this noble organization.

Mr. Speaker, on behalf of our community and the many individuals who have been positively impacted by Harve's contributions, I want to say thank you to my friend, "mi amigo." He is an inspiration to us all. Good luck and Godspeed to Harve Mogul.

AMERICAN SOLUTION TO HEALTHCARE

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GENE GREEN of Texas. Mr. Speaker, the Senate has failed to repeal and replace the Affordable Care Act, or the ACA.

As the President said: Healthcare is hard.

As Democrats, we didn't receive Republican votes to pass the ACA, but it is the law of the land.

Our job as Members of Congress is to fix laws that are not effective. Let's work as Members of Congress not to do a Republican fix or a Democratic fix. Let's work together as Americans to find the American solution to our healthcare problems. That is what our Founding Fathers and our constituents expect from us.

CAPTIVE NATIONS WEEK

(Mr. ROSS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSS. Mr. Speaker, I rise today to recognize Captive Nations Week.

In 1959, Congress authorized and requested the President proclaim the third week in July as Captive Nations Week. During this week, we stand united with those who still live under the rule of communist regimes as they

continue fighting against this oppression and lack of human rights. You have my word that I will continue to fight along with you.

As a way to educate current and future generations about the ideology, history, and societal impact of communism, the Victims of Communism Memorial Foundation was authorized in 1993 by a unanimous act of Congress.

In honor of this foundation, I have introduced H. Con. Res. 57, which expresses the sense of Congress that establishing a museum in memory of the victims of communism is an important step in educating Americans about the human rights violations committed by these totalitarian regimes and telling the whole story of 20th century history.

This museum would honor the memory of the heroes who resisted communist tyranny and commemorate America's more than half a century of efforts resisting Soviet imperialism.

I ask my colleagues to join me during Captive Nations Week in recognizing and supporting victims of communism by cosponsoring H. Con. Res. 57 and bringing the truth to light.

BUDGET FOR THE AMERICAN PEOPLE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, many of us are engaged in the budget process today.

A budget for Americans should be the playbook for improving the quality of lives for all Americans. Yet this draconian budget, which is worse than the Trump budget, cuts \$250 billion-plus out of quality of life issues for Americans. It cuts education, healthcare, Medicaid, Medicare, and the environment, undermining the fight against climate change.

Where is the relief for the American people?

We have the fact that wages are slow in growing. Mr. Speaker, corporate America is doing well, and all that is needed, as some corporations have already done, is to raise the salaries of Americans.

We also need to make sure the government does what the American people need, to shore up the Affordable Care Act, but not cut billions from it. Shore up national defense, but not cut from diplomacy and engagement in peacekeeping activities, as well as USAID. Shore up America's national security. Give a quality of life to our young people so that jobs are created.

How do you do that?

You do that, Mr. Speaker, by ensuring that the climate and quality of life issues are there for corporations to grow. Growth is important for the American people, not draconian cuts to leave Americans without healthcare, without good climate, and without education. We want a budget for the American people.

SAVING PRECIOUS WELFARE DOLLARS

(Mr. POLIQUIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIQUIN. Mr. Speaker, sadly, rural Maine is ground zero for the opioid epidemic in America.

Every day, on average, Mr. Speaker, one fellow Mainer dies from an overdose. Sixty percent of our families are impacted one way or another from this scourge.

For years, Mr. Speaker, law enforcement officials in Maine have found electronic benefit transfer cards, or EBT cards, at drug busts. Every month, these EBT cards are replenished with food stamps and other welfare benefits intended to help disadvantaged families. But too often these valuable cards are used to buy drugs.

Mr. Speaker, this has got to stop. I have found a commonsense way to do that. My Food Stamp Integrity Act permanently disqualifies anyone convicted of drug trafficking from receiving food stamps. This will help make sure limited welfare benefits are saved to compassionately help moms and dads put food on the table for hungry kids.

Additionally, Mr. Speaker, H.R. 3151 will require able-bodied adults without dependents, between the ages of 18 and 50, work at least 20 hours per week, job train, or perform community service in order for taxpayers to help them out with food assistance.

Mr. Speaker, similar reforms in Maine have helped lift thousands out of poverty and into independence and better lives through employment. We have plenty of jobs available.

My bill will help save precious welfare dollars for the disabled, elderly, sick, and the poor. It will also help stop deadly drug trafficking and treat taxpayers better.

Mr. Speaker, H.R. 3151 is a Maine commonsense solution to a national problem. I ask everyone in this Chamber, Republicans and Democrats, to vote for it.

LET'S WORK TOGETHER ON HEALTHCARE

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, Republicans have threatened to repeal and replace the Affordable Care Act for 7 years, but earlier this week, they failed again to deliver on this threat. So next week, the Senate will vote on a bill to repeal the Affordable Care Act without a replacement.

If this bill were to pass, 32 million people will lose their health insurance, insurance premiums will go up, and insurance markets will unravel. That is exactly why this bill will not pass. But MITCH MCCONNELL and the Republican leadership are going to have a vote anyway.
